

I'm a results-driven Intern with 2 months of exiperience in C. NET developer). I am Aspiring. NET 3 Intern with hands-on experience on . NET, Web Forms, HTML, CSS. I have completed my B. Tech degree in computer Engineering . 4 I am eager to join Hawkins in the IT sector because I believe that my technical skill which mention above align perfectly with the company's values and goals. I am perticularly drawn to Halukin's focus on leveranging technology to some real-world challenges, & I am confident that my background in problem-solving and optimizing business prosses will allow me to make a meanigful impact. By staying ahead of technological trends, I hope to help Hawkins remain at the forefront of the It Industry while making the difference
